

Rane (Madras) Limited won the Second Prize and Cash Award in IMTMA-Siemens Productivity Championship Award

IMTMA (Indian Machines Tools Manufacturers' Association) has initiated Productivity Championship Awards in association with SIEMENS in the year 2006 to be given to outstanding contributors to productivity improvement in the Indian Metal industry in four streams, namely,

1. Manufacturing system redesign
2. Optimizing metal working process
3. Better asset utilization
4. Productivity improvement through Quality improvement

For the year 2010 we have registered RML for competing in all the four streams.

After four stages of evaluation and elimination, our case study on **“Enhancing Customer**

Satisfaction by shortening manufacturing cycle time in Tie Road

Manufacturing process’ was selected for final presentation under the category – **Manufacturing system redesign.**

The competition was held at Pune on 21st and 22nd of August 2010.

From **RML, Mr S Kumar and Mr Elangkannan** participated in the competition on behalf of the team and presented the case study to the panel .

Team Leader : Mr S Kumar
