

RANE T4U PRIVATE LIMITED
(Previously known as Telematics 4U Services
Private Limited)

**FINANCIAL STATEMENTS
FOR THE YEAR ENDED
31.03.2018**

INDEPENDENT AUDITORS' REPORT

To,
The Members,
Rane T4U Private Limited,
(Previously known as Telematics 4U Services Private Limited),
Bengaluru.

Report on the Financial Statements

We have audited the accompanying financial statements of Rane T4U Private Limited (Previously known as Telematics 4U Services Private Limited) ("the Company"), which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other notes to accounts.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's

judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018 and its loss and its cash flows for the year ended on that date;

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in Paragraphs 3 and 4 of the said Order, to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e) On the basis of written representations received from the directors as on 31st March, 2018, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
- f) As per the notification of the Ministry of Corporate Affairs G.S.R. 464(E) dated 5th June, 2015 read with amended notification G.S.R. 583(E) dated 13th June, 2017 the reporting requirement on Internal Financial Control under section 143(3)(i) of the Act is not applicable to the Company since the turnover of the company is less

Chartered Accountants

than the prescribed threshold of rupees fifty crores as per last audited financial statements.

- g) With respect to the other matters to be included in the Auditor's report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - No amounts were required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO THE AUDITORS' REPORT

Annexure referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our Independent Auditors' Report of even date on the Financial Statements of the Company for the year ended 31st March, 2018.

- i. a. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
- b. We have been informed that the fixed assets of the Company have not been physically verified by the management during the year. We are informed that as per Company policy this is being done only once in two years and hence will be done in the subsequent year.
- c. The Company does not own any immovable property, hence, paragraph 3(i)(c) of the Order is not applicable to the Company.
- ii. According to the information and explanation given to us and as per our verification of the records of the Company, the management has conducted physical verification of inventory at reasonable intervals and no material discrepancies have been identified. All discrepancies have been properly dealt with in the books of account.
- iii. As informed the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act.
- iv. According to the information and explanations given to us and based on the audit procedures conducted by us in respect of loans, investments, guarantees and security, provisions of section 185 and 186 of the Act have been complied with.
- v. The Company has not accepted deposits in accordance with directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under are not applicable to the Company.
- vi. As per the information and explanation given to us, the central government has not prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act.
- vii. a) According to the information and explanations given to us and as per our verification of the records of the company, the company has become fairly regular in depositing undisputed statutory dues including Provident fund, Employee's State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax (GST), Custom Duty, Excise Duty, Value Added Tax, Cess, and any other statutory dues with the appropriate authorities and no material statutory dues were outstanding for more than six months from the due date as at the year end.

- b) According to the information and explanations given to us, there are no unpaid disputed amounts of taxes as on 31st March 2018 except for the following:

Name of the Statute/ Nature of the dues	Amount deposited (in ₹)	Amount not deposited (in ₹)	Period to which the amount relates	Forum where dispute is pending
The CENVAT Credit Rules, 2004 - Irregular availment of CENVAT Credit	13,91,788/-	Nil	Apr-2011 to Sep-2015	CESTAT, Bengaluru
The Finance Act, 1994 - Service Tax Payable	53,015/-	13,46,261/-	Oct-2010 to Mar-2013	CESTAT, Bengaluru

- viii. According to the information and explanations given to us and as per our verification of the records of the company, the company has not defaulted in repayment of loans or borrowings to financial institutions, banks, government or dues to debenture holders.
- ix. According to the information and explanation given to us and as per our verification of the records of the Company, the term loans have been applied for the purposes for which they were obtained. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year.
- x. According to the information and explanations given to us and the records of the Company examined by us, no frauds by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- xi. According to the information and explanations given to us and as per our verification of the records of the Company, the Company has paid/ provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable, for all the transactions with the related parties and the details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiii. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has complied with section 42 of the Act regarding private placement of shares and compulsorily convertible preference shares during the year and the amount raised have been used for the purposes for which the funds were raised.

Varma & Varma

The financial statements are prepared under historical cost convention except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below, in accordance with the Generally Accepted Accounting Principles in India and comply in all material respects with the accounting standards specified under the section 133 of the Act.

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015. Up to the year ended March 31, 2017, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements. The date of transition to Ind AS is April 1, 2016.

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of the products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/ non-current classification of assets and liabilities.

2.02 Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in India requires the management to make judgements, estimates and assumptions that effect the reported amount of assets and liabilities as of the Balance Sheet date, reported amount of revenues and expenses for the year and disclosure of contingent liabilities as of the Balance Sheet date. These estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about the assumptions and estimates may result in outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

RANE T4U PRIVATE LIMITED

(Formerly known as Telematics 4U Services Private Limited)

Notes forming part of the financial statements

Note-1 - Summary of Significant Accounting Policies, critical judgements and key estimates

2.03 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and impairment in value, if any. Cost includes purchase price, (inclusive of import duties and non - refundable purchase taxes, after deducting trade discounts and rebates), other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and an initial estimate of the costs of dismantling, removing the item and restoring the site on which it is located, if any.

If the Company has acquired a Property, Plant and Equipment on deferred term basis and terms are beyond normal credit terms, property plant and equipment will be recognized on cash price equivalent, i.e. discounted amount.

The cost of Assets not ready for use as at the Balance Sheet date are disclosed under Capital Work-In-Progress.

The cost of replacement spares/ major inspection relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. When parts of an item of property plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation

Depreciation on Property , Plant and Equipment (Tangible assets) is generally computed on a pro-rata basis on the basis of the estimated life specified in Schedule II of the Companies Act, 2013 under Straight line method. The useful life of assets prescribed in Schedule II to the Companies Act, 2013 are considered for the purpose of Computation of Depreciation. However, If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on an annual review is different from that envisaged in the aforesaid schedule, depreciation is provided at a such rate based on the useful life / remaining useful life as technically advised. Accordingly, depreciation is provided based on the useful life indicated below which is different from that stated in Schedule II to the Companies Act,2013.

Assets	Life
Leasehold Improvements	5
Furniture & Fixtures	5
Office Equipments	3
Computers	3
Computer Servers	6
Tools & Equipments	3
Electrical Fittings	5
Vehicles	5

Depreciation charge on additions / deletions is restricted to the period of use. Depreciation methods, useful lives and residual values are reviewed annually.

The additions to Property, Plant and Equipment with individual unit value upto Rs.10,000/- is capitalised and depreciated at 100% in the year of capitalisation.

Notes forming part of the financial statements

Note-1 - Summary of Significant Accounting Policies, critical judgements and key estimates

2.04 Intangible Assets

Internally Generated Software / Intangible Assets

Research costs are expensed as incurred. Costs (internal and external) associated with developing or obtaining internal-use software and software that are embedded in a product and sold as part of the product as a whole are capitalized if the following criteria are met in full:

- The product or the process is clearly defined, and the cost elements can be identified and measured reliably;
- The technical feasibility is demonstrated;
- The product or the process will be sold or used in the business;
- The asset will generate future financial benefits.
- Sufficient technical, financial and other resources for project completion are in place.

Costs expensed in prior accounting periods will not be capitalized

Subsequent expenditure on the product, which are essential to keep it relevant for customers, are expensed and are included in cost of sales

Depreciation begins when the product is transferred from development to production. Uncertainty exists with respect to the expected period of benefits, as this depends on the future technological development in the market.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful life as given below.

Asset	Life
Bought out Software licence	3
Internally Generated Software / Intangible Assets	6

The amortization period and the amortization method for an intangible asset with a finite useful life (including those under development), are reviewed annually.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

2.04 Impairment

Assessment is done annually as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's fair value less cost to sell and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. In such cases, impairment losses are reversed to the extent the assets carrying amount does not exceed, the carrying amount that would have been determined if no impairment loss had previously been recognised.

Notes forming part of the financial statements

Note-1 - Summary of Significant Accounting Policies, critical judgements and key estimates

3. Defined Benefit Plan

Gratuity

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") administered by LIC covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses / gains are recognised in the other comprehensive income in the year in which they arise. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

4. Other Long term employee benefits

Compensated Absence

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses / gains are recognised in the Profit and Loss Statement in the year in which they arise.

2.11 Taxes on Income

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the relevant prevailing tax laws. Tax expenses relating to the items in profit and loss shall be treated as current tax as part of profit and loss and those relating to items in other comprehensive income (OCI) shall be recognised as part of the part of OCI.

Deferred tax is recognised for all the temporary differences between the carrying amounts of assets and liabilities in the financial statements and corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognised and carried forward only to the extent that it is probable that taxable profit will be available against which those deductible temporary differences can be utilised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets, if any and the same is recognised to the extent it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation law.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period. MAT shall be treated as part of deferred tax assets.

2.12 Investments

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and quoted/fair value, computed category wise. Long Term Investments are stated at cost. Decline in value, if any, which is not considered temporary in nature, is provided for.

2.13 Provisions and Contingent Liabilities

Provisions : Provisions are recognised when there is a present obligation as result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

RANE T4U PRIVATE LIMITED

(Formerly known as Telematics 4U Services Private Limited)

Notes forming part of the financial statements

Note-1 - Summary of Significant Accounting Policies, critical judgements and key estimates

Contingent Liabilities : Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

2.14 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting equity dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

3 First-time adoption - mandatory exception, optional exemptions

These are the Company's first financial statements prepared in accordance with Ind AS. The Company has prepared opening balance sheet as per Ind AS as of April 1, 2016 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS measurement of recognised assets and liabilities. However, this principle is subject to certain mandatory exceptions and certain optional exemptions availed by the Company. Applicable mandatory exemptions and optional exemptions are as under:

3.01 Mandatory exceptions:

Estimates:

The estimates as at April 1, 2016 and as at March 1, 2017 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies).

3.02 Optional Exemptions:

1. Deemed cost for property, plant and equipment and intangible assets:

The Company has elected to continue with the carrying value of all its property, plant and equipment and intangible assets recognised as on April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed costs as of transition date.

2. Investment in subsidiaries:

The company has elected this exemption and opted to continue with the carrying value of investment in subsidiaries as recognised in its Indian GAAP financials, as deemed cost at the date of transition.

3. Business Combinations:

Ind AS 103 Business Combinations has not been applied to acquisitions of subsidiary companies, joint venture companies and associates which are considered business under Ind AS that occurred before April 1, 2016. Use of this exemption means that the Indian GAAP carrying amounts of assets and liabilities, that are required to be recognised under Ind AS, is their deemed cost at the date of the acquisition. After the date of acquisition measurement is in accordance with respective Ind AS.

4. Classification of debt instruments:

The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.

5. Determining whether an arrangement contains a lease:

The Company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.

RANE T4U PRIVATE LIMITED

(Formerly known as Telematics 4U Services Private Limited)

Notes forming part of the financial statements

Note-1 - Summary of Significant Accounting Policies, critical judgements and key estimates

3.03 Impairment of financial assets

The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

4 Critical accounting judgements, assumptions and key sources of estimation uncertainty

The following are the critical judgements, assumptions concerning the future, and key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

4.01 Useful lives of property, plant and equipment

As described at Note 2.03 above, the charge in respect of periodic depreciation for the year is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed annually. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

4.02 Employee Benefits

The cost of defined benefit plans are determined using actuarial valuation, which involves making assumptions about discount rates, expected rates of return on assets, future salary increases, and mortality rates. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

4.03 Taxation

Significant assumptions and judgements are involved in determining the provision for tax based on tax enactments, relevant judicial pronouncements and tax expert opinions, including an estimation of the likely outcome of any open tax assessments / litigations. Deferred income tax assets are recognized to the extent that it is probable that future taxable income will be available, based on estimates thereof.

4.04 Provisions and contingencies

Critical judgements are involved in measurement of provisions and contingencies and estimation of the likelihood of occurrence thereof based on factors such as expert opinion, past experience etc.

5 Recent accounting pronouncements

5.01 Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

5.02 Ind AS 115- Revenue from Contract with Customers: On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The effect on adoption of Ind AS 115 is expected to be insignificant.

13B.4 Rights, preferences and restriction relating to Compulsorily Convertible Preference Shares

RANE T4U PRIVATE LIMITED

(Formerly known as Telematics 4U Services Private Limited)

1. The above shares are compulsorily convertible preference shares convertible at 1:1 ratio.
2. Rights of dividend - In the event the Company declares dividend, the holder of the CCPS shall have preference over equity shares and shall be entitled to receive a cumulative dividend at the rate of 0.1% of the amount invested per annum.
3. Rights during liquidation
 - a. In the event of liquidation, along with all the other shareholders of the company, RHL is entitled to receive a pro rata share in the remaining proceeds available after the payment of the outside liabilities and the Liquidation Preference share subscription amount. - Liquidation Preference.
 - b. At the time of liquidation, RHL can, either before or after winding up, elect in writing not to avail the Liquidation Preference specified in Point (a) above and on such election, the holder shall be entitled for the proceeds of and / or assets available for distribution as if the Liquidation Preference had never existed.
4. Reservation of shares issuable upon Conversion - The Company shall at all times reserve and keep available out of its authorised but unissued Equity Securities, solely for the purpose of effecting the conversion of the CCPS, such number of Equity Shares sufficient to effect the conversion.
5. Date of Conversion - The shares shall be converted by RHL effecting the Put Option at any time but not later than August 31, 2027 ("Mandatory Conversion Date"). The CCPS shall be Compulsorily convertible into Equity Shares on the Mandatory Conversion Date.

3 SEGMENT REPORTING

The Company is engaged in the business of providing technological services for transportation industry by designing and developing, promoting and marketing telematics, vehicle intelligence, remote monitoring related products and services globally. The Chief Operating Decision Maker (Board of Directors) review the operating results as a whole for purposes of making decisions about resources to be allocated and assess its performance, the entire operations are to be classified as a single business segment, namely IoT (Internet of Things) Solutions for transportation industry. The geographical segments considered for disclosure are - India and Rest of the World.

3.01 Geographical Information

	Revenue from customers		Non - current assets**	
	As at March 31, 2018	As at March 31, 2017	As at March 31, 2018	As at March 31, 2017
India	121,994,828	150,654,149	92,491,508	101,122,358
Rest of World	21,648,847	32,646,369	-	-
Total	143,643,675	183,300,518	92,491,508	101,122,358

** Non- current assets are used in the operations of the Company to generate revenues both in India and outside India.

3.02 Information about major customers

	As at March 31, 2018	As at March 31, 2017
Revenue from sale of product and services to largest customers (individually greater than 10% of total sales)	21,171,642	50,594,857

4 EMPLOYEE BENEFIT PLANS

4.01 Defined contribution plans

The Company has recognised Rs.25,99,113/- (Previous Year: Rs.25,87,293/-) as expense in Statement of Profit or Loss towards defined contribution plans. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

4.02 Defined benefit plans

Gratuity -

Every employee is entitled to a benefit equivalent to fifteen days salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972. The same is payable at the time of separation from the Company or retirement, whichever is earlier. The benefits vest after five years of continuous service.

In respect of Gratuity plan, the most recent actuarial valuation of the present value of the defined benefit obligation were carried out as on March 31, 2018. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk : The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Investment Risk : The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Escalation Risk : The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk : The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

The following table sets forth the status of the Gratuity Plan of the Company and the amount recognized in the Balance Sheet and Statement of Profit and Loss.

Particulars	Gratuity (Unfunded)	
	2017-18	2016-17
Present Value of obligations at the beginning of the year	4,156,680	2,834,717
Current service cost	1,383,553	1,116,669
Past service cost	282,129	-
Interest Cost	265,979	197,366
Re-measurement (gains)/losses:		
- Actuarial gains and losses arising from experience adjustment	(754,479)	343,141
Benefits paid	(253,395)	(335,213)
Present Value of obligations at the end of the year	5,080,467	4,156,680
Changes in the fair value of planned assets		
Fair value of plan assets at beginning of year	-	-
Expected Return on plan assets	-	-
Contributions from the employer	-	-
Benefits Paid	-	-
Actuarial gain/ (loss) on plan assets	-	-
Fair Value of plan assets at the end of the year	-	-
Amounts recognized in the Balance Sheet		
Projected benefit obligation at the end of the year	5,080,467	4,156,680
Fair value of plan assets at end of the year	-	-
Funded status of the plans - Liability recognised in the balance sheet	5,080,467	4,156,680
Components of defined benefit cost recognised in profit or loss		
Current service cost	1,383,553	1,116,669
Past service cost	282,129	-
Net Interest Expense	265,979	197,366
Net Cost in Profit or Loss	1,931,661	1,314,035
Components of defined benefit cost recognised in Other Comprehensive income		
Remeasurement on the net defined benefit liability:		
- Actuarial gains and losses arising on Plan obligations	(754,479)	343,141
- Actuarial gains and losses arising on Plan assets	-	-
Net Cost in Other Comprehensive Income	(754,479)	343,141
Assumptions	March 31, 2018	March 31, 2017
Discount rate	7.00%	6.60%
<u>Expected rate of salary increases</u>		
Executives Managers & Below / Senior Manager & Above	5.00%	15.00%
<u>Expected rate of attrition</u>		
Executives and Staff	45.00%	45.00%
Average age of members	33.93	31.80
Average remaining working life	2.21	2.20
Average duration of defined benefit obligation (years)	2.88	2.80

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	Impact on defined benefit obligation	
	March 31, 2018	March 31, 2017
Salary growth rate		
- 1% increase (+100 BP)	5,132,315	4,201,059
- 1% decrease (-100 BP)	5,029,822	4,112,632
Discount rate		
- increase of 1% (+100 BP)	5,068,032	4,063,251
- decrease of 1% (-100 BP)	5,093,032	4,254,420

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet. There was no change in the methods of assumptions used in preparing the sensitivity analysis from prior years.

The Company's best estimate of the Benefit payments expected to be paid to the plan during the next year is Rs.22,37,000/- (Previous Year: Rs.12,20,000/-).

4.03 Long Term Compensated Absence

The assumptions used for computing the long term accumulated compensated absences on actuarial basis are as follows -

Assumptions	2017-18	2016-17
Discount rate	7.00%	6.60%
Expected rate of salary increases		
Executives Managers & Below / Senior Manager & Above	5.00%	15.00%
Expected rate of attrition		
Executives and Staff	45.00%	45.00%

4.04 Defined contribution plan

During the year the following amounts have been recognised in the statement of Profit and loss on account of defined contribution plans

	2017-18	2016-17
Employer's contribution to Provident Fund	2,469,297	2,458,480
Employer's contribution to Employees State Insurance	129,816	128,813

b) Income tax relating to items that will not be reclassified to profit or loss	f		(106,031)	106,031
Total			237,110	(237,110)
Total other comprehensive income [A (i-ii)]			237,110	(237,110)
Total comprehensive income for the period		(63,277,596)	9,247,605	(72,525,201)

14.04 Reconciliation of total comprehensive income for the year ended March 31, 2017

Particulars	Notes	Year ended March 31, 2017 (Latest period presented under previous GAAP)
Profit as per previous GAAP		(63,277,596)
Adjustments :		
Remeasurement of defined benefit obligation recognised in other comprehensive income under Ind AS (Net of Tax)	f	237,110
Impairment of Trade receivables under ECL method (Net of Tax)	c	(1,584,731)
Finance costs recognised under Ind AS on Liabilities carried at amortised cost	e	11,130,217
Interest income on financial assets designated at fair value		2,119
Reversal of amortisation expenses on intangible assets-Goodwill	a	(300,000)
Total effect of transition to Ind AS		9,484,715
Profit for the year as per Ind AS		(72,762,311)
Other comprehensive for the year (net of tax)	f	237,110
Total comprehensive income under Ind AS		(72,525,201)

- (a) Amortisation of goodwill of Rs.3,00,000/- for the year 2016-17 was reversed from the statement of profit or loss and as a result of the above change, the loss for the year 2016-17 by the same amount. The above transition has also resulted in a increase in equity by Rs.3,00,000/- as at 31st March, 2017.
- (b) Reclassification of Loans and Advances and other current/ non-current assets/liabilities presented under previous GAAP to Financial assets, Financial liabilities and current tax asset / Liability (Net) as per Ind AS requirements.
- (c) Under previous GAAP, provision for bad and doubtful debts was recognised as per the internal policy of the Company based on ageing of Trade Receivables. Under Ind AS, the impairment loss allowance on account of Trade receivables is created based on a provision matrix computed under the Expected credit loss method.
- As a result of the above change, net carrying value of Trade Receivables as at the transition date and 31st March, 2017 is lower by Rs.1,07,07,471/- and Rs.84,14,084/- respectively with corresponding decrease in the opening balance of retained earnings (as at the transition date) by Rs.73,98,862/- (net of deferred tax impact of Rs.33,08,609/-) and decrease in the loss for the year 2016-17 by Rs.15,84,730/- (net of deferred tax impact of Rs.7,08,657/-).
- The above transition has also resulted in a decrease in equity by Rs.73,98,862/- as at the transition date and by Rs.58,14,132/- as at 31st March, 2017.
- (d) Reclassification of other bank balances as required under Ind AS.
- (e) Under previous GAAP, redeemable preference shares were grouped under shareholder's funds and redemption premium was fully accounted under other current liabilities. Under Ind AS, these redeemable preference shares are regrouped under non-current borrowings. The redemption premium was considered as finance cost. The proportionate amount of interest on preference shares were reversed from the opening balance of retained earnings. As a result of this change
- As a result of the above change, interest on preference shares payable as on 31st March, 2017 is lower by Rs.89,73,061/- with corresponding increase in the profit for the year 2016-17 by the same amount.
- The above transition has also resulted in a increase in equity by Rs.89,73,061/- as at 31st March, 2017.
- (f) Under Previous GAAP, actuarial gains / losses arising out of remeasurement of defined benefit obligation were recognised as employee benefits expense in the statement of profit and loss. Under Ind AS, such re-measurement of gains / losses are recognised in OCI. Consequently, the tax effect of the same has also been recognised in OCI. The above change has resulted in increase in employee benefits expense and loss in OCI by Rs.3,43,141/- for year ended 31st March, 2017; net tax effect thereon is Rs.1,06,031/-.

15 Previous Year figures have been regrouped wherever necessary to confirm with the current year presentation.
